

# Time to Talk

Bookable Consultation Sessions

2012/2013

Hampshire Educational Psychology Service

Winchester and Test Valley

Eastleigh and New Forest

## Parents and Carers

Would you like:-

- To discuss how to support your child's learning at home?
- To discuss concerns over behaviour?
- To discuss issues to do with relationships and emotions?

The Education Psychology Team is offering consultation sessions with two psychologists to discuss your concerns, clarify issues and together generate possible courses of action. We will only be able to discuss school related issues when parent and a member of school staff attend together. This will be a joint problem solving session, not a route to educational psychology assessment. It is not usually helpful for the child to be present especially if the concern relates to behaviour management. If you think you might bring your child, please discuss this by telephone in advance of your appointment.

To book your consultation session please telephone

Beverley Torkington on 01962 876233
