

‡ sensed there was something staring.
‡ heard something calling my name.
‡ smelt musty old perfume.
‡ saw a star in an open drawer.
‡ felt a breath on the back of my neck.
‡ wondered, who was that?
What was that a star?

‡ sensed something behind me.
‡ heard a scream, something rustling in the
wind, moaning.
‡ smelt the rotten-like scent of something
decaying.
‡ saw darkness, then a crystal clear star.
‡ touched something slimy on the wall.
‡ wondered, what made that scream?

‡ sensed something staring at me.

‡ heard a terrifying scream.

‡ smelt rotten dampness.

‡ saw shadows move in the corner of my eye.

‡ saw a dusty treasure chest.

Something sparkled – a crystal clear star.

‡ touched something slimy on the wall.

‡ felt a gust of air.

‡ wondered, what was going on?

‡ sensed something behind me.

‡ heard creaking and slamming and something scratching in the corner.

‡ smelt decay and something smoky.

‡ saw a sparkling flash flickering in the darkness.

‡ touched something spiky.

‡ wondered what it was, was it a star?

‡ sensed something moving.

‡ heard footsteps and animal sounds.

‡ heard creaking.

‡ heard spiders scurrying.

‡ smelt the scent of blood and something rotten.

‡ saw the glowing star in the dark sky.

‡ saw something moving in the dark trees.

‡ touched a soft spider's web.

Something bit me!

‡ wondered, who did that?
