

# Harrow Way: What is in our DNA?

## Outstanding teaching and learning

Striving for the highest quality in Teaching and Learning is the bedrock of Harrow Way. Every decision is made with the question in mind '**will this help the students to be better learners and to achieve more?**' We believe in a relentless focus on high achievement in all areas of the life of the School.

## We believe all students can achieve

**Outstanding progress is achievable by all.** We believe all students deserve an education that will challenge, inspire and prepare them for a better future. We want our students to have **high aspirations** for themselves and to become **resilient** learners. At Harrow Way we want our students to be relentlessly optimistic about possibilities and their capacity to learn. Every student at Harrow Way will be expected to achieve the best outcomes possible; that means not only through excellent examination results at the end of Year 11 but in every student's day-to-day work, in all their taught subjects and in after-school and extra-curricular activities. We will strive to balance academic achievement with 21st Century learning skills.

## High standards in all that we do

The culture that has been established is about a relentless focus on high standards in all aspects of school life: learning, behaviour, attitude, uniform, attendance and punctuality. We insist upon consistency and a commitment to shared values – by individuals, groups and the whole community. We will always challenge anything that is less than the very best that each individual can give.

## All are role models

At Harrow Way we are proud of the fact that we are a UNICEF Rights Respecting School which promotes the Rights of the Child. Every adult in our community is a role model; every student is a role model and we all have the opportunity and responsibility to have a positive impact on the lives of others. We are an inclusive and caring school and ensure that students have fun and are happy in their learning. Excellent relationships between staff and students create a positive learning environment. This ethos has established a success culture that we celebrate at every opportunity.
