Unfortunately, a small minority will try and ruin this positive relationship between different people.

They try to cause misunderstandings and a divisive community.

They try and ruin our tolerant community.

They falsely use religion or their political beliefs as an excuse to use violence and terror on innocent people.

What can we do?

- We have to stick together and support each other, and not let anyone divide us.
- We have to respect each others values and work together as a country, to show the terrorists that they will not cause disharmony in our country.
- Our country is beautiful, full of amazing people from all walks of life and we will come together to show the terrorists that we will not be broken.
- Respect is one of our core values/rules, so we must continue to respect all members of our community.
