WHAT'S ON

FOR FAMILIES WINTER 2020

FIND OUT MORE AT:
hampshireculture.org.uk

Come along to one of our venues this winter for lots of family-friendly events and activities, many of which are FREE! Don't miss **Space Explorers – An out of this world brick adventure** at Milestones Museum, our annual, interactive family exhibition using toy bricks. Plus there's **Surviving the Stone Age** at Gosport Gallery, which combines history with fun, and a chance to see what bugs really look like up close in **Microsculpture** at the Willis Museum. As always there are plenty of exciting trails and make-and-takes available, plus bookable children's workshops at our venues during the half term holidays. Visit website for more details: hampshireculture.org.uk

15 FEBRUARY – 19 APRIL
MILESTONES MUSEUM, BASINGSTOKE

From Neil Armstrong to the Mars rocket, discover all about Earth's space history with more than 20 amazing models built from toy bricks, completing an interactive quest as you go. Marvel at our inflatable Solar System and undertake a second mission, learning about the planets along the way. Explore your creative side with our free space mosaic design activities (weekends and Hampshire school holidays only) and why not book a workshop to test pilot a flying saucer!† There's even family LEGO® Mindstorms™ EV3 workshops on selected dates where you can build and code a LEGO robot* (see website for more information) and free, space-themed toy brick pit and play area. 10% off admission when you book online.

Brick Live copyright © Brick Live Group Limited. All rights reserved. Brick Live Group Limited is an independent producer of BRICKLIVE and is not associated with The LEGO Group. LEGO® is a trademark of LEGO Juris A/S.

*Terms and conditions apply. See website for full details. Additional charges apply for some activities.

11 JANUARY – 22 FEBRUARY
GOSPORT GALLERY

A FREE family-friendly exhibition full of hands-on activities, including stone tools made by early people in Hampshire many thousands of years ago. There are also remains of the creatures they hunted, including woolly mammoth bones. Discover how hunter-gatherer people in Hampshire adapted to survive extreme climate changes in the Stone Ages and see actual artefacts, including hand axes up to 400,000 years old! You can have a go at activities to test your skills in tracking animals, identifying edible foods or creating cave paintings.

Image © Levon Biss

Microsculpture

18 JANUARY – 18 APRIL
THE WILLIS MUSEUM, BASINGSTOKE

A startling collection of photography by Levon Biss, in collaboration with Oxford University Museum of Natural History, reveals the astonishing and detailed form of insects with breathtaking clarity. Combining art with science, visitors can view the images up close and discover more about these fascinating creatures through their shape, colour and sculptural forms. Alongside these exquisite photographs, will be a rare opportunity to view a select display of insects from the outstanding collections cared for by Hampshire Cultural Trust. With our planet the subject of much current debate, come and find out why the survival of insects and protection of our eco-systems are more vital now than ever. For families there is a fun interactive area for your budding science enthusiasts to explore, plus lots of bug-related experiments and activities. See website for details of special half term activities to accompany this family-friendly exhibition.

There's so much going on this half term – don't forget to check our website for times and dates at individual venues.
