Presentations

November 2020

Learning for life, success for all

Introduction by Mr Serridge

Normally, at this time, we would be writing to you to confirm the plans for an upcoming GCSE Presentation Evening. However, despite our optimism around being able to host the event, current government guidance on COVID -19 related to social distancing and the size of gatherings permitted, means that we will sadly be unable to do so as planned.

However, we would still like to offer students an opportunity to mark their results through this booklet.

We remember when you first started this GCSE journey: explaining to you that these years would go so quickly, and that you had such a huge amount of content and skills to cover in all your subjects that you all had to remain focused and give it your all. (Be your Best!) We never could have envisaged it would end like this.

You ploughed through past papers, honing your timing. You attended before-school interventions and after-school revision classes, despite feeling exhausted and just wanting to go home and chill out in front of Netflix. Please remember: just because there were no formal exams, it doesn't mean that it was all for nothing. You all achieved remarkable Centre Assessed GCSE grades (CAGs) and should be very proud of your achievements.

I know I speak for many staff when I say that we have very fond memories of the class of 2020. For five years the year group led the way in so many things. Throughout it all you were hard working, determined and increasingly committed to your studies. This led to you achieving some fantastic results. Your results day in August was very special and it was lovely to see you all.

I hope the things you learned in your lessons and across the curriculum will shape your thoughts and ideologies, and who you are as a person.

Leaving secondary school is, as we all know, a big moment in a young person's life and it is nice to be able to return to school a few months later to meet friends and catch up with members of staff. This might now need to be a reunion in 2021!

It's also a chance for us as a school to recognise a wide range of students for their remarkable achievements both in their GCSEs and throughout their time at school.

These are outlined in the booklet.

For all of you, none of this would have been possible without the support of your families and your teachers and your own incredible hard work, resilience and determination.

The Class of 2020, we are so proud of you. Please keep in touch and let us know how things are going. We would like to take this opportunity to make you aware that we have still not given up hope of offering you an opportunity to come together at some point and celebrate all you have achieved face to face. We remain optimistic about this possibility and if and when we have any news about this, we will of course be in touch with you.

Eleni Georgiou

Since joining us in Year 10, Eleni has shown an exemplary attitude towards photography. It is clear Eleni loves photography and this passion was demonstrated in the fantastic photographs she directed and shot. Marking Eleni's work was always difficult because she deserved scores beyond the GCSE criteria - I am sure she will go on to get the top A-Level grades too! She was an absolute pleasure to teach and I look forward to seeing more of her work.

Jas Smith

Since starting the Photography course, Jas has shown a real love for photography and this passion was evident whenever I looked through her book. She strove to perfection and would only be happy once she had achieved this; Jas wouldn't settle with any grade lower than a 9 and truly worked her socks off to get it - she fully deserves the highest grade possible! Jas was an absolute pleasure to teach and I look forward to seeing more of her work; I have no doubt she will go far in the photography world.

Welcome from Mr Cole

It is usually such a lovely chance to see everyone at presentation evening. Students generally return with a new look, a new perspective and appear quite a bit more relaxed. It is once again a shame that things have to be done differently for you.

I am confident many of you now feel as if your graduation is complete, but this is that final chance for us as a school to recognise your indelible mark on our community. You were all here for a long time and you made impressions on us; it is on these impressions that we have reflected and now wish to share our congratulations.

A huge well done to all of you who worked so hard to receive recognition in these awards. You are a part of the legacy now and you should be very proud of what you did here. If nothing else your nominations demonstrate how proud we are of you!

So, though we are still kept safely apart, please celebrate your successes along with us.
