

THE Harrow Way Eagle

SUMMER 2022

Residential trips are back

The restrictions of the COVID-19 pandemic saw many of our students completely miss out on the opportunity to take part in a residential trip. We expanded our traditional June trip to Calshot and scheduled an additional trip to the Hampshire outdoor education centre in South Wales. Read the full story on page 5.

**Good Bye
Year 11**
Pages 6-7

New Student Leadership Team – page 3

Zero Single-Use Plastics Day

Students rose to the challenge for our Zero Single-Use Plastics Day organised by our Eco (environmental) Club. Encouraged to bring in alternatives to the usual crisp packets, yoghurt pots and single-use water bottles, many students used more eco-friendly substitutes instead. The school canteen also embraced the opportunity, reducing the amount of single-use plastic they use.

"I am so proud to be leading such a wonderful community."

Wow! I am now at the end of my tenth year as Headteacher of Harrow Way. I have no idea where the time has gone, but it has been an incredibly rewarding experience.

As we approach the end of this challenging academic year and look back on what we have accomplished together, as a community, we are left knowing that we have met this challenge with determination, support and optimism. We will continue to see this time out and come through it implementing the many positives learnt from the whole experience.

Throughout my career, I have always told people, when asked what I do, that I love my job as every day is different; that there is nothing better than working with our young people who have an unlimited capacity to amaze. We have achieved so much this year, with teachers and students working incredibly hard in each and every lesson. When I do my daily walks around the school I am always so impressed by the energy and professionalism of our staff and the attitude and drive of our students.

I would like to thank all of the staff who have given so much in very difficult circumstances throughout the period of the pandemic.

We have asked them to work in very different ways but they have remained so positive and have responded to every challenge. I know they are so appreciative of the kind words, email and cards they receive from parents and carers. We are very fortunate as a school to have such a supportive parent/carers body and I would thank you all for the work you do to help us to keep the school moving forward.

As always the last word does need to go to our students. As mentioned at the start, it has been wonderful over the past few weeks to see so many of them enjoying the wider aspects that always come with school. They have been so appreciative of their opportunities. It makes us optimistic about what September will bring and we look forward to starting afresh with them at that point.

The summer term has been an enormously busy time for the school. We have had a wide range of activities taking place. We recently celebrated the achievements of Year 7, 8, 9 and 10 students. Certificates and prizes were awarded in each subject area for Effort and Attitude and Progress. Head of Year awards were presented for Contribution, Personal Achievement and Attendance.

The website and Twitter feed are testament to the variety of experiences we offer to our students.

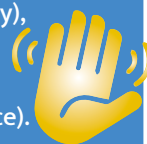

Staffing Changes

We are fortunate that only a small number of our staff are moving on to new things and we do wish them well.

We are saying farewell to:

Chloe Campbell (Science),
Katie Shaw (Geography),
Megan Gritti (MFL),
Emily Wright (Dance)
and Abi Downs (Science).

New appointments

Nick Bulpitt - Teacher of MFL
Daniel Bearpark - Teacher of PE
Lucy Barlow - Teacher of History
Stacey Newport - Teacher of DT
Luke Tedder - Curriculum Leader Geography
Sarah Bryant - Teacher of Performing Arts
Lewis Shakespeare - Teacher of Maths
Olivia Beard - Teacher of Geography - P/T.

Attendance

From September there will be a renewed focus on attendance. Students are expected to attend school every day. Holidays are not permitted, by Government, during term time, although the school will continue to consider individual requests. At this age, students are preparing for their future and external examinations. Every day lost puts them at a disadvantage and makes it harder for them to keep up with

their peer group. **The school will be aiming to return to a 96% attendance rate but we need your support in doing this.**

Students must understand that the school will be used as a reference by future employers, colleges and universities and attendance is a key part of this. The school employs an Attendance Officer who will be contacting students who fall below our expected standards.

Student Leadership Team for 2022-2023

After a rigorous application process, including a letter of application and an interview panel, we are pleased to unveil our new Student Leadership Team for 2022-2023. During a special assembly we announced the successful applicants including Head Boy Tom Bedwell, Head Girl Luana Reidy, and their deputies Alicia Whitehouse, Keira Spear and Aaron Lane.

National Awards 2021-2022

History Association Gold Quality Mark (QM)

Our excellence in History teaching and learning has been recognised by the History Association which has awarded the school their much coveted Gold Quality Mark.

This prestigious award is held by very few secondary schools across the country.

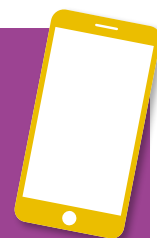

SMSC Gold Award

Harrow Way has been awarded Gold for The National SMSC Quality Mark in recognition of our provision for students' spiritual, moral, social and cultural development.

The SMSC quality mark recognises schools for their efforts in supporting children and young people to raise their aspirations while instilling strong values such as compassion and hope. The SMSC is awarded by Young Citizens, an education charity that helps to educate, inspire and equip the active citizens of tomorrow.

Mobile Phones

I would like to remind you of our Mobile Phones Policy. Mobile phones should be switched off and kept out of sight between 8.45am and 3.00pm. Parents/carers are requested that in cases of emergency they contact the school first so we are aware of any potential issue and may make the necessary arrangements.

The school recognises the importance of technologies present in modern smartphones. Teachers may wish to utilise these functions to aid teaching and learning and students may have the opportunity to use their mobile phones in the classroom.

On these occasions students may use their mobile devices when express permission has been given by the teacher. Students can take advantage of the school's wireless network infrastructure to access the internet with their own devices and content filtering will be applied, but all users should be aware that this use is still subject to the school's IT Acceptable Use Policy.

Students who infringe the rules set out in this document could face having their devices confiscated by their teacher.

"All that leaves for me to do is wish you all an enjoyable summer break."

Mr Serridge, Headteacher

September 2022 – the Class of 2027

New intake - we will be welcoming 210 students to Harrow Way in September and currently have a waiting list of 60 with 426 applications! I am delighted that Harrow Way continues to be the first choice for families in our area.

Sports Presentation Evening

Recognising our sporting stars is one of the highlights in our school calendar.

Coming to the end of his first year here at Harrow Way Mr Briggs, Curriculum Leader of PE, said it gave him 'an enormous sense of pride' to invite some of our top performers and most committed team players along to our Sports Presentation Evening.

Before awarding certificates to our students, Tommy Gentleman from the Jamie G Sporting Foundation gave an inspirational speech, highlighting the importance of community involvement in physical activity.

A huge well done to all the students who were awarded certificates and a particular mention to Bella Hall-Cooper who won the KS3 Sportsperson of the Year and Luana Reidy who won the KS4 Sportsperson of the Year.

Parent Teacher Association

A new committee was elected in May 2022 and we would like to hear from anyone who would like to join or offer their time on an ad-hoc basis to support key events.

HWCS PTA is open to all parents, staff and friends of the school. Its main purpose is to fundraise and support key school events and activities. The Headteacher and Senior Leadership Team will be on hand to share school development plans at half-termly PTA meetings.

The PTA can be contacted at pta@harrowway.hants.sch.uk

Win the Hamper

Buy a raffle ticket and discover more about the PTA at the Year 7 Meet the Tutor event, **5 Sept 22.**

YEAR 9

No decline in Year 9!

Wow, where has the last year gone? As ever, I am incredibly proud of how much each student has matured over the last year. Walking around classrooms recently has filled me with confidence that the next two years will be amazing - it definitely feels as though we already have a GCSE mentality within the year group. Thinking beyond GCSEs, I had the pleasure of taking Year 9 students to Sparsholt College to experience the range of courses on offer after their time at Harrow Way; students got to use VR headsets, tour animal enclosures and view demonstrations in welding, motor vehicles, sawmills, tree climbing and equine studies. Perhaps worryingly, some students were very accurate when using a shooting simulator as part of the gamekeeping stand!

Myself and Mrs Woods had the delight of hosting Presentation Evening for Year 9 and we are so proud of every student who received an award. The Head of Year Award this year went to Honey Britton and James Dewey

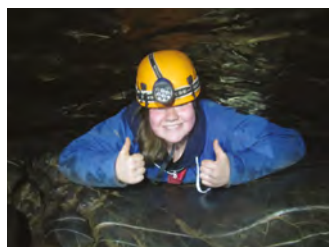

who have both worked their socks off this year and increased their GCSE predicted grades by more than three grades!

A special shout out also to Harry Travell who not only won the Photography subject award, but also won a Photography Competition run by the team at inAndover - look out for his photo in the Andover Observer!

Year 9 have been fantastic this year and I am looking forward to starting the GCSE journey with them all in September - I know they will rise to the challenge and continue to impress us. Thank you for your ongoing support and I hope you all have a great summer!

Miss Fowler, Year Leader for Year 9

Residential trips are back

The restrictions of the COVID-19 pandemic saw many of our students completely miss out on the opportunity to take part in a residential trip either in Year 6 or Year 8.

Keen to ensure that as many of our students as possible had the chance to enjoy the experience and the many benefits that spending a week away from home brings, we expanded our traditional June Year 8 trip to Calshot to include Year 9. We also scheduled an additional trip in April, also for Year 8 and 9, to the Hampshire outdoor education centre in South Wales, Argoed Lwyd, opening up places for as many students as both centres could accommodate for us.

Both visits were a tremendous success. The students in Wales enjoyed a multitude of outdoor activities in the

Brecon Beacons including rock climbing, mountain walking, caving and a night hike – all away from the activity centre. Those on the Calshot trip took part in an extensive range of mostly centre-based activities including track cycling, snowboarding, indoor climbing, mountain biking, high ropes, archery and team-based evening activities – all in the best June weather we could possibly have had!

The students involved were a credit to the school, with their instructors and the school staff supporting them commenting on their excellent behaviour and fantastic willingness to engage with sometimes challenging activities outside their comfort zones.

Year 7 and 8 presentation evenings

Celebrating student success is hugely important here at Harrow Way. At the end of each year we like to take a moment for teachers to recognise those students who have gone above and beyond with regard to their studies and commitment to school life.

Both presentation evenings were wonderful occasions celebrating those students who are setting the highest standards for our year groups. Congratulations to all award winners and thank you to tutors and family for coming out to celebrate with us.

A Casino Royale finale for Year 11

The Year 11 prom is always a wonderful occasion for students to say their final goodbyes. A chance to celebrate the amazing journey they have been on as Harrow Way students and collectively come together for the very last time.

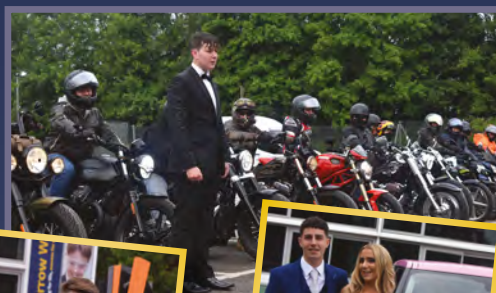

The theme this year was Casino Royale and the students had an amazing evening using their Serridge bucks to play at the blackjack and roulette tables.

As has become a firm tradition, the entire community came to enjoy the flotilla of vehicles. From a pink Range Rover, Ferraris, Lamborghinis and even a horse, students were ferried to the school in style for their photocall and walk down the red carpet.

Seeing them dressed up to the nines really highlighted how grown up they are now (compared to the happy, smiling, Year 7s they started as) and they seemed more than ready to take on the big wide world outside of Harrow Way.

Commenting on the occasion a proud Mrs Woodhead, Year Leader for Year 11 said: "It was a fantastic evening enjoyed by both staff and students and the perfect send off for what has been a memorable year group. We wish them all the best and happiness in their futures and, even though they start a new chapter of their lives, they will always be a part of the Harrow Way family."

Good bye Year 11

The leavers' assembly is always an emotional event. A final chance to say how proud we are of our students who have grown from nervous little Year 7s, to more confident (and much bigger) Year 11s.

Tutors reminisced about the changes with a number of amusing anecdotes and pictures. Mr Serridge and Mrs German expressed their pride and delight in our students' achievements and Mrs Crossley said a final thank you to the departing Year 11s for being such a wonderful year group.

We concluded the assembly in spectacular style with a whole year group photograph and our traditional confetti cannons, before students enjoyed the time-honoured shirt signing. The whole lower school then gathered for a 'guard of honour', cheering and clapping off the Year 11s.

For the final time,
"Thank You Year 11",
and good luck.

NEWS FROM THE LRC

"This room helps me calm down and relax – I loved the mindfulness lunchtime sessions."

"I really missed not being able to come in and see new books. I've found so many great new ones this year."

Once again, there have been lots of important initiatives, events and awareness days to recognise and the LRC has had something new each week to engage students' interest and increase their cultural capital. The Jubilee was a highlight with an inspired timeline of inventions, discoveries, music, books and films from the last seven decades. Pride Month, Empathy Day and World Refugee Day also featured too.

Our new digital reading platform launched, thanks to Hampshire County Council, which offers students access to books, audio books, comics and magazines 24/7, 365 days a year free of charge via the SORA app or the link on our own VLE. Previously, comics and magazines were not represented so many students were pleased to see these.

We have continued to purchase a range of non-fiction and fiction stock across all year groups, with a particular focus on developing our Diversity Collection – it's important that students can see themselves represented in books.

This term has also seen the development of new after school clubs suggested by, marketed and run by students including the successful Harry Potter Fan Club (Billy King, Year 7) and Warhammer (Thomas Noble, Year 8).

YEAR 8

Year 8 push forward

This time last year I recognised your resilience in the face of an unusual start to life at secondary school. Unlike last year, this year has not been about bouncing back, but pushing forward. You are now firmly a part of this community, no longer being welcomed, but (hopefully) being welcoming.

This last term has arguably been the busiest yet and a summer holiday will be welcome. The list is long but packed into the last few months alone you have had opportunities to spread your roots through; representation at Area Athletics, residentials at Calshot and the Brecon Beacons, extra-curricular clubs of all shapes and sizes, participation in the House Bake Off competitions, a trip to the British Basketball Finals, a visit to the Warner Bros Studio for excellence in reading, or performing in the Aladdin show. This list is not exhaustive either, there is more on the calendar; sponsored walk, sports day etc, you are in the thick of it!

Perhaps most importantly we are bedding into our fundamentals, working for an education. You have selected your options for next year and you will need to hit the ground running in September. I want to congratulate all students who have done their best and in particular those who have achieved reward for setting the highest of standards. Many congratulations! Have a lovely break everyone, see you soon.

Mr Cole, Year Leader for Year 8

International Space Station astronauts run our computer code

Computer code written by STEM students, as part of Mission Zero 2021-2022, has been run on the International Space Station (ISS).

Using software provided by the Astro Pi Mission Zero team, students wrote a simple computer programme. This programme, when run on the space station, displayed a message and humidity reading which the astronauts could see as they went about their daily tasks.

House Happenings

Head Hawk's Highlights

What a year it has been for us Hawks! The Bake Off was definitely a highlight with Hawks gaining the most participation points as well as winning first and third place! This term we have been especially busy out in the sunshine enjoying house events, including the 12km walk to raise money for Abby's Heroes. Our students had a fantastic day with their peers while making a real difference. Hawks put everything into Sports Day (I didn't expect anything less) and we can't wait to find out who wins on the day.

The end of this year is slightly different for me, as I will be heading off on maternity leave. I wanted to take this opportunity to thank every member of Hawk House for all of their efforts.

Keep flying Hawks and I will see you in 2023! Mrs Hamilton

King Kestrel's Korner

Kestrels fought hard for the House and Sports Day cups this year but managed to show their poetic side in the process. Along with a winning entry in the Christmas Card competition, we also really turned up for the Art Speak in Stories comp. Art Speak in Stories is a national competition in which students compose pieces of creative writing based on works of art. Kestrels flocked to the challenge and submitted more entries than any other House. Based on the quality of the work I've got high hopes that we will soon see some Kestrel Kreations in print!

Mr Manson

Boss Buzzard's Bulletin

What a great year this has been and I cannot believe how quickly the time has gone. I am especially pleased with how well we did in the Trickshot Challenge earlier on in the year. We had by far the most entries and we had a winner too and that is what we are about, you guys did an amazing job and long may it continue. We have been so busy with all this year's events, in particular this term. Friday 8th July was a really good day for us as we went on a 12K walk to raise money for Abby's Heroes. Watch this space as you will soon find out how much was raised for the charity. Exactly one week later, we had Sports Day and we are the reigning champions from 2021 and I'm expecting that we will still be the champions by the end of this year. I am so proud of all of you that entered and positivity contributed to the day, it wouldn't have been the same without you so well done.

GO BUZZARDS!!! Mr Massiah

YEAR 7

Outstanding first year for Year 7

Year 7 have had an outstanding first year. I am very proud of them and I'm looking forward to working with them over the next four years. I think this could be an awesome year group.

We recently had a birthday special 'Harry Potter Club'. It was the founder's birthday, so they all had cake and took part in a special blookit.

The 'Ultimate Frisbee' Year 7 inter-tutor competition concluded this term.

Congratulations to 7DRM who won 3-1 in the final against 7CAB. They will be awarded their prize in this term's celebration assembly.

And to celebrate the end of Year 7 we will be having another disco. I'm sure we will have a fantastic time just like we did at Easter.

Mr Carter,
Year Leader for Year 7

Students are now all set to put their STEM skills to the test and enter the Green Power challenge thanks to the generosity of Stannah. We are all excitedly awaiting the delivery of an electric kit car, purchased by Stannah, which students will have to build before moving on to design, build and fit the exterior of the kart.

Once built and race ready, students will have to learn to drive the go kart and race it over three different venues, supported by a pit crew.

Commenting on the opportunity, Mrs Robertson, Curriculum Leader ICT and Computing said: "Our thanks to Stannah for their continued support of our STEM curriculum. Students can't wait for the new go kart to arrive so they can jump into the challenge and pit their STEM know-how against the thousands of other students taking part nationally."

YEAR 10

Year 10 continue on their GCSE journey

Year 10 completed a full on two weeks of mock exams this term. This was quite daunting as their last experience of formal exams was at the end of Year 7! Lots of Year 10 have commented on the pressures created by being in an exam hall and acknowledged that there is a lot for them still to learn, but it is important to remember that this is a key part of their journey towards GCSEs.

During INSET on the 4 July, 70 prefects attended a training session in school to help them with their duties. Training focused on team work and creating an ethos they are proud to be part of. They also worked in their focus teams in order to plan how they can have the most impact throughout the school over the next year.

Year 10 Careers and Work Experience week gave insight into some different career paths and a chance to develop key skills that they will need in the work place. They also all took part in a workshop looking at appropriate language and sexual harassment in the work place. We hope that we are helping prepare our young people to be shining examples of professionalism when they enter the world of work.

A special congratulations to the Year 10 prefects who organised a litter picking intervention at Charlton BMX track at the end of last term. I'm so proud that our young people care enough about our local community and the environment to give up their time at the weekend to do this.

Mrs Ford, Year Leader for Year 10

• Sports Round-up •

Our athletes have had an incredible summer with some outstanding performances at Area Athletics with the following students qualifying to represent the Andover and District schools in the county competition:

Year 7: George Harris, Alfie Richards, SJ Antwi, Lucas Williams, Stanley Anoma, Henry Jennings, Adriana Cossey, Freya Wright, Effie Bain.

Year 8: Adam Holman, Ryan Wiseman, Malia Cooper

Year 9: Freya Twigg, Bella Hall-Cooper, Brandon Jolliffe, Joe Gomm.

Year 10: Madison Richmond, Daisy Ruddick, Patrick Furtado, Aaron Lane, Archie Anderson, Joe Brown, Conor Eaves.

Eco warriors enter national environmental pilot programme

We are one of only 16 schools in the country taking part in an environmental pilot programme, 'Bring about Change', which will be rolled out nationally next year. Environmental Senior Prefects have relaunched the school's Eco Club to enter the pilot, which is being run as a competition by Young Citizens, which will see them revamp and improve an area in the local community.

For their first eco initiative Harrow Way's Eco Club descended on Swatton's Field, the area behind the BMX track at Charlton Lakes. Giving up their own time over the weekend the students litter picked the area.

Sports Round-up • Sports

British Basketball play-off finals at the O2

Fifteen of our regular basketball club attendees enjoyed some top flight British basketball at the O2 in May.

An excellent women's final between the London Lions and Sevenoaks Suns followed by the men's final between London Lions and Leicester Riders demonstrated how fast paced, consistent, accurate and end to end excitement the game is at this level.

Bath University Trip

At the end of June, the Year 10 NCFE Health and Fitness classes visited Bath University's 'Sport Science in Action' department. All students were put through their fitness spaces with some tests. A couple of the students were also given the opportunity to experience the high-tech laboratory tests that elite athletes would use to measure their VO2 max and power output. A tour of the university and its impressive sports facilities gave the Year 10s a wonderful introduction to university life and a relevant lecture will also support them in their course at Year 11.

Rounders

The PE department has run a hugely successful rounders club this term, with over 70 students in attendance. As a result, a huge number of girls have represented Harrow Way for their respective teams.

Years 7-10 have played a number of games against the schools in the district, with the Year 7, 9 and 10 teams topping their groups. With a few games left to play at the time of going to press, three of our teams have made the District semi-finals, with the Year 7 team qualifying for their final.

Tennis

Our Year 7 and 8 tennis pairs were in action in the mixed doubles tournament held at Harrow Way. Malia Cooper and Lucy Bedwell made up our team one, reaching the cup competition and finishing fourth overall. Charlie Smith and Lucas Williams battled well in the group stages to secure a spot in the Shield competition and went on to finish eighth overall.

Cricket

Cricket Club has been a great success with new students finding a new sport and old students proving their worth all over again.

The KS3 team found their way during a few tricky fixtures but were in a much better position to understand the rigours of the game for the next few years. While the KS4 side showed the talent that Harrow Way possesses by storming to a District Championship win in fine fashion. Howzat!

Cricket Trip to the Ageas Bowl

A number of students from the cricket and rounders club enjoyed an evening at The Ageas Bowl in early July to watch Hampshire Hawks play Gloucestershire in the Vitality Blast. They enjoyed a truly exciting and closely-fought match, with Hampshire Hawks edging a narrow victory by 15 runs.

2022–2023 Calendar

Autumn Term 2022/2023

1 Sept 2022	INSET Day 1
2 Sept 2022	Year 7 new intake and Year 11 Senior Prefects only
5 Sept 2022	All year groups
5 Sept 2022	6pm Year 7 Parent Meet the Tutor/Information Evening
15 Sept 2022	6.00-7.30pm Year 11 Parent Information Evening
20 Sept 2022	Open Evening
21 Sept 2022	Year 7 and Year 10 photographs
22 Sept 2022	Open Morning
