Dear Parent/Guardian

As part of our ongoing commitment to career development across the school, I am pleased to announce that on Thursday, 3rd July all of Year 7 will have the opportunity to meet with a local organisation (Lionel Hitchen Ltd) in order to find out more about the food processing industry and in particular food flavour ingredients. The one hour long session will encourage your child to think about:-

- how their favourite foods are made and how many are made every day.
- the ingredients in certain foods and what it really tastes of.

This interactive event will give some students the opportunity to smell food flavours and try to guess the ingredients.

Students will also be able to hear about a range of exciting jobs in the biggest manufacturing industry in the UK as well as learn some fun facts about food.

In order to prepare your child for this event we would encourage them to watch an episode of Inside the Factory (a link to an episode can be found [here](#)).

We hope that your child will enjoy this unique opportunity to learn more about the food processing industry and the careers available within it.

Yours faithfully

GRAEME FLUELLEN
Assistant Headteacher
