Dear Parent/Carer

As part of our ongoing commitment to career development across the school and support for Year 11's transition to further education/training, I am pleased to announce that all of the year group will be taking part in a Post 16 Applications Workshop during Wednesday, 22nd October.

This event will provide students with the opportunity to complete personal statements for application forms and then to make applications to at least one post-16 provider with support from staff. We are fortunate to be able to welcome representatives from Andover College, Sparsholt College, Peter Symonds College, Queen Mary's College and Basingstoke College of Technology to the workshops who will be available to advise and provide information regarding the application process for their organisation as well as details of course content.

This event will take place within school and students should wear school uniform on this day with breaks/lunch planned at the normal times.

We hope that your child will benefit from this unique opportunity to spend dedicated time considering their post-16 choices. Please do not hesitate to contact me if you have any queries.

Yours sincerely

Graeme Fluellen
Assistant Headteacher
