23rd February 2026

Dear Parent/Carer

As part of our ongoing commitment to career development across the school and in conjunction with activities planned for Careers Month (02.02.26 - 06.03.26), I am pleased to announce that Year 10 will be taking part in a day of events on Wednesday, 4th March which will provide them with the opportunity to experience a range of activities designed to improve interpersonal skills. The planned events will include:-

- Elite Skills Academy run by The Army to include a range of hands-on activities that promote teamwork, problem solving, confidence and leadership skills which develop students' mental and physical attributes. This will also include a careers presentation by The Army.
- In-house careers and skills based workshops to develop students knowledge and skills around the world of work. These activities will include an hour of Coding as well as an Active Citizenship/Volunteering session.
- In-house careers session - preparation for Work Experience Week.

Students should wear school uniform on this day and break/lunch will be planned at the normal times.

We hope that your child will enjoy this unique opportunity to experience a day of activities that will hopefully assist them in preparing for their post-16 choices.

Yours faithfully

Graeme Fluellen
Assistant Headteacher
