22nd June 2026

Dear Parent/Carer

Emergency Closure due to lack of water

Please be aware that due to a burst pipe on the school site, we have lost water supply across the majority of the building. Our maintenance contractors are on site and working to resolve the issue, but the water has had to be turned off while repairs take place.

As a result, the school has access to only a very limited number of toilet facilities, which is not sufficient for our 800 students. In the interests of students' health, safety and welfare, I have therefore made the difficult decision to close the school for the remainder of today.

Students will be dismissed at the start of break time, giving them the opportunity to purchase food before leaving site if they wish. Work for this afternoon will be set on Bromcom to ensure that learning can continue remotely. **We have contacted our buses who are coming to collect at 11.30am.**

We appreciate that this short-notice closure may cause inconvenience so thank you for your understanding and support. If your child would face a significant safeguarding or supervision issue in getting home or remaining at home today, please contact the school as soon as possible so that we can discuss appropriate arrangements.

We apologise for the disruption and will keep you updated should any further information become available.

Yours faithfully

Mrs German
Headteacher
