Dear Parents and Carers

Heatwave Guidance w/c 22nd June 2026

With high temperatures forecast for next week, we are writing to outline arrangements and expectations to ensure students remain safe and comfortable in school.

School will remain open as normal, and **all** students are expected to attend.

Students should:

- Bring a **refillable water bottle** each day (water stations are available around school)
- Apply **sunscreen** before coming to school and reapply if needed
- Bring a **hat or cap** for use during break and lunchtime
- Students are advised to wear the **summer uniform** if they have it

We will be taking sensible precautions during the school day, including promoting regular hydration, allowing access to shaded areas, and adapting lessons where necessary.

We would appreciate your support in reinforcing these expectations with your child.

Kind regards

School Office
